360° TURNTABLE CYCLORAMA at studionero

motosphere.at.studionero

studionero 1007 Old Northern Road, Dural 2158 • 0407 110077 • hello@studionero.com.au

OUR TERMS **1.** Our opening hours are BY APPOINTMENT. Please book your visit, so we can give you our full attention when you arrive. We will be delighted to show you around! **2.** Prices subject to change without notice. **3.** The cyclorama walls are fragile and stepping on the curves is strictly prohibited. If you or anyone with you incurs damages to the Studio Nero facility and/or any other areas within 1007 Old Northern Road Dural, you will be liable for the rectifications. **4.** Please do not bring children under 16, or pets. Studio Nero is a precision facility with highly technical installations and original works of art, and does not have safe areas for children or animals. **5.** Our kitchenette is set up for warming and serving the food you bring ready to eat or have delivered by caterers. There is no facility for preparing and cooking food at Studio Nero. **6.** Studio Nero is located within private property. Please stay in front of the studio, don't wander the grounds or pick any plants, and please dispose of any litter in the rubbish bins provided.
We strive to keep our facilities fabulous so you can enjoy the best studio experience ever!

Extras for Hire

Canon Cameras & Lenses

Canon 5DSR Body
The Canon EOS 5DS R is a high-resolution, full-frame DSLR camera designed for commercial photographers who require massive detail. Its main claim to fame is a 50.6 MP sensor that features a neutralized low-pass filter for maximum sharpness.

- $150 per day

Canon 1DX mkii Body
Professional DSLR built for speed and durability. Key specs include a 20.2 MP full-frame CMOS sensor, Dual DIGIC 6+ processors, and the ability to shoot up to 14 fps (16 fps in Live View). It records DCI 4K video up to 60p.

- $150 per day

Canon EOS C200 with Cinema Lens
Professional Super 35mm cinema camera. It is highly regarded for its Dual Pixel CMOS Autofocus and internal Cinema RAW Light recording capabilities.

- $250 per day

Assorted Canon L-series lenses
Canon's "L-series" represents their flagship lineup of professional-grade lenses, easily identified by the iconic red ring around the barrel. Built with advanced optics designed to deliver uncompromising image quality

- Range $40–80 per day

Atomos SUMO 19" Monitor / Recorder / Switcher Kit

- Quad-HD Live Switching & 5-Channel Recording
- Built-In XLR Audio
- HDR Processing
- Daylight-Viewable LCD Screen
- $150 per day

All Prices subject to change without notice.
